We are pleased to offer a Jonny Seww Sewing, Quilting and Embroidery Event featuring Pamela Baker. Renowned in the sewing and quilting industry, Pamela and her late husband/company namesake, Jonny, appeared together on Sew Much Fun and Linda MacPhee's Workshop television series.

Pamela Baker, the wizard of Jonny Seww Products, will introduce you to new and innovative sewing, quilting and embroidery techniques using Jonny Seww Stabilizer Products. Accompanying Pamela's presentation will be selections from Jonny's CD, "A Musical Journey into Sewing and Quilting".

After the presentation, Pam will hold a customer hands-on demonstration and answer any questions regarding the full line of Jonny Seww products. The Jonny Seww Multi-Purpose Stabilizer is a truly unique stabilizer capable of handling any fabric, from sheer to sherpa, with just one layer, and never leaves gummy residue on your hoops, needles or sewing machine. It is also the perfect stabilizer for embroidering on slinky knits, a technique many are afraid to tackle! Its versatility in quilting, embroidery, and garment sewing applications makes it the only stabilizer you should reach for! It functions as an iron-on, cut-away, or tear-away stabilizer and much more. The conveniently sized 8 1/2"x11" sheets allow you to use your printer to print patterns, pictures or designs onto your fabric as well.

All of the special kits—greeting card, embroidery sampler, multi-purpose stabilizer—will be available for sale at the event along with CDs of instrumental companion music by song writer/musician/performer Jonny Seww.

Lunch is included in the price of this event; please advise if you have food allergies.

Our store is scent free, thanks for understanding.
